(+976) 80543223 • Location, Ulaanbaatar Mongolia • tushig.tushig@gmail.com

EXPERIENCE

Back-end Developer   2018 Sep - Present
AndSystems Tech LLC | Location, Ulaanbaatar Mongolia
Developed and maintained various features for LendMN startup primarily using PHP, JavaScript, MySQL, Python

Key Accomplishments:
- One of the lead developers to migrate **monolithic** system to **micro-service** based system
- Built and shipped a fully functioning e-commerce platform using API Platform and PHP.

PROJECTS

Developed a food recognition app (DeepFoods 1.0)

Created an Android app that takes pictures and uploads them to PaperSpace instance where we trained our Tensorflow (Mask R-CNN architecture) model which recognizes food from the given image.

Tic Tac Toe, image encryption machine, guitar hero and a Calculator in C++

Explored multiple problems beyond the scope of my assignments and built a simple tic tac toe game simulator, calculator, evil hangman etc using C++

Created a 2D Shooter Game

Created a 2d side scrolling shooter game (similar to the game "contra") using a funny language called Racket in my Junior year.

Personal portfolio 1.0

Built and maintained first version of my personal portfolio using ReactJs, NodeJs and Express.
